Date Interconnected: _____

SECTION D. TERMS AND CONDITIONS

Use this checklist to receive your rebate:

1. The CONSERVE & SAVE™ solar electric rebate for households and businesses provides financial support for the installation of new grid connected solar electric systems. A rebate of \$500 will be available to customers that meet the following criteria:

- Install a new solar photovoltaic (PV) system that is 2.0 kW DC or larger.
- Customer must sign a utility interconnection agreement with Austin Utilities or Owatonna Public Utilities.

2. Installation Requirements:

- Must comply with all applicable federal, state, local and utility laws and requirements.
- Must comply with all applicable building and zoning codes and obtain all appropriate permits, providing copies of such permits to their utility.
- Solar installation must include a licensed general contractor and a licensed electrical contractor.
- The Utility reserves the right to reject any rebate application submitted as a result of work performed by a contractor who has failed to adhere to the terms and conditions established for the rebate program.
- System must be installed within timelines identified in the Distributed Energy Resources (DER) Interconnection Process documents.

3. Installation Recommendations:

- For improved cost effectiveness and energy efficiency, a professional energy audit should be conducted prior to installation.
- Customer is encouraged to obtain installation quotes from multiple contractors.
- Customer is encouraged to have a shading analysis performed.

4. Equipment Requirements:

- All of the system components must be new.
- PV modules must be certified as meeting the most current edition of Underwriters Laboratory Standard 1703 (UL1703) and must have a 20-year or greater manufacturer's performance warranty.
- Inverters must be certified as meeting the current edition of Underwriters Laboratory Standard 1741 (UL1741) and come with a minimum five-year manufacturer's warranty.

5. Funding:

- Due to limited funding, this rebate offer can be withdrawn at any time without notice. Applications will be processed on a first-come, first-served basis.

6. Documentation:

- Once system is interconnected, send a final, detailed copy of the sales invoice showing the customer name, address of installation, date of sale, and size of system.
- Rebate application must be submitted within 30 days of passed utility commission test.
- Information contained in this rebate application may be shared with the Minnesota Department of Commerce and our co-op partners.

7. Submit the completed application and required documentation to your utility provider:

Austin Utilities
