To: New Residential Construction Customer

Owatonna Public Utilities (OPU) may be the gas, electric and water utility provider for this project. OPU must know who will be responsible for the utilities during the construction phase. Please provide the requested utility information to allow for service/meter design. By providing this information in the form below, you will expedite your plan review as it is routed through OPU. OPU will not process your plan or provide gas, electric or water utilities unless this information is provided.

To insure there is not a delay, please provide accurate information at the time of plan submittal.

Thank You, OPU Engineering Dept.
